

*NWBS Class by Pamm Horbit
in conjunction with November 2014 Meeting!*

**“How Does that Woman’s Brain Work?”
Geometry? Math?
or just a different way of thinking?**

When: Friday November 21 - 10:30 am-4:00 pm

Where: East side

OR

Saturday November 22 - 10:30 am - 4:00 pm

Seattle/Wallingford

Cost: \$25

Come and discover the magic!

Come ready to play with shapes. Although there will be NO project with specific Tutorial - there will be beading, and toys. Expect your brain to switch from linear thinking to spatial thinking. Laughter is guaranteed! For further information and to reserve your spot, e-mail me at: [whitelotusbeading@gmail.com!](mailto:whitelotusbeading@gmail.com)

Supplies:

11° cylinder beads - 1-2 gms of one or two colors

6# Fireline - or stitching medium of choice

size 10 or 11 needles

Ott light

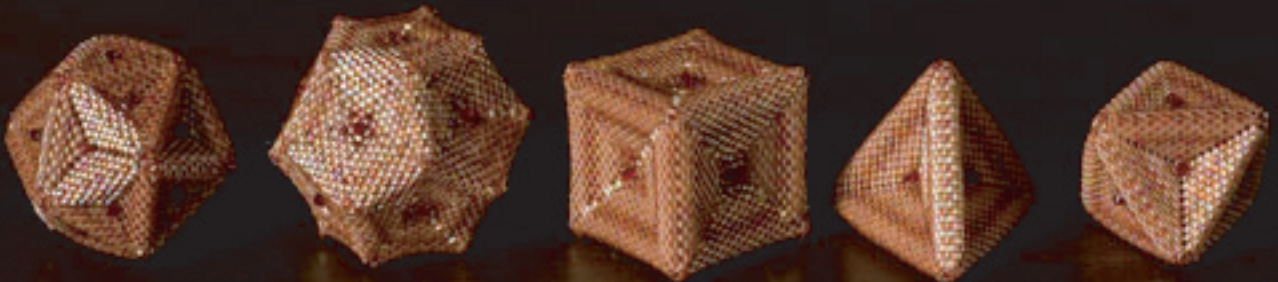

Camera/phone

Writing supplies for notes

Sack Lunch

Using Geometry to Bead... No Math Required!

"If you're not putting laughter into your work - you're just not having enough fun in your life!"
